

BA-375

MERRYMAN HOUSE - Before 1850 - West side of York Road, 0.1 mile south of Belfast Road, just north of Lower Glencoe Road. Stone house in vernacular style, 2-½ stories, gable-roofed, with dormers and end-chimneys. In this century, it was the dwelling of an important Guernsey farm and a barn and stables survive. In 1850 Sidney's map showed L. (Levi) Price's house. An outbuilding located on the York Road is a one-story stone structure with an enormous, disproportionate end-chimney. This was a dairy building and a collection point for milk cans and is now used as an antique shop. Owner (recorded title): Louis McL. Merryman.
